*"This book is rich in content and Dr. Ayim has done an outstanding job in organizing and explaining the concepts. This book is certainly needed and will make a significant contribution to health education profession. It also has strong potential for cross-cultural and international use and possible translation into other languages."*

-- Mohammad R. Torabi, Ph.D., MPH.  
Dept. of Applied Health Sciences  
Indiana University  
Bloomington, Indiana.

**Martin A. Ayim, Ph.D., MPH, MCHES.**  
*Endowed Professor of Health Education  
& Health Promotion  
Grambling State University, Louisiana*
